

**Riga Technical University  
Electronics and Telecommunications  
The 48<sup>th</sup> International Scientific Conference**

Riga, Latvia, October 11-13, 2007

**Purpose**

The conference will be held from 11th to 13th of October 2007 within the framework of activities commemorating the foundation date of Riga Technical University. The first day is planned for plenary session (common for all RTU sections), the second one for section meetings and the third for sightseeing tour through the city Riga and neighbourhood. The conference is conceived as a scientific forum and its main objective is to acquaint scientists with the research achievements of their colleagues. It especially encourages doctoral students to participate and publish the results of their research (papers of only those individuals will be published who participate in the conference!). The official language of conference is English.

Abstracts should be written according to rules specified below.

The conference is organised and hosted by Riga Technical University.

**Fee**

The registration fee is **150 EUR**. It includes:

- cost for publishing in our journal "Scientific Proceedings of Riga Technical University",
- a set of materials,
- coffee breaks and lunch.

For students, including doctoral students, the conference is free of charge.
